LECTURES

Rafael López

LIQUID DROPS, SOAP BUBBLES AND SURFACES WITH CONSTANT MEAN CURVATURE	13
1. Liquid Drops and Mean Curvature	14
2. CMC Surfaces: A Historical Introduction	17
3. Minimal Surfaces Bounded by Two Circles	21
4. The Tangency Principle for CMC Surfaces	26
5. The Alexandrov Theorem	31
6. CMC Surfaces with Planar Boundary	38
7. The Flux Formula and Consequences	41
8. The Dirichlet Problem for the CMC Equation	47
Acknowledgements	52
References	52
